Oil Trolley 350 Litre

Maintenance Managers Love FSP's 350L Oil Drainer Trolley

Engine oil, fluids, and coolant can be easily collected with these compact drain trolleys.

- Unique body design to minimise inertial wave spillage.
- 1" BSP 316 stainless steel suction pipe for spill-free evacuation pump connections
- Internal baffle to reduce wave velocities.
- 1 piece blow moulded body to eliminate joint leakage.
- Removable grate for sump draining and to assist with parts removal.
- Provides chemical compatibility to evacuation pipe.
- Solid tyres for ease of use and to eliminate punctures.
- One piece LDPE Body for maximum chemical compatibility.
- Foot Brake.
